DECLARATION OF PAUL YANOVER IN SUPPORT OF
PETITION TO MAKE SPECIAL

Assistant Commissioner for Patents
Washington, D. C. 20231

Sir:

I, Paul Yanover, assignee in the above-referenced case, based on my personal knowledge, state and declare as follows:

1. With respect to the claims of the above-referenced patent application there is an infringing device, system, and method of use, which actually is on the market;

2. I have made a rigid comparison of the alleged infringing device/system and method with the claims of the application and determined that, in my opinion, some of the claims are unquestionably infringed; and

3. I have caused to be made a careful and thorough search of the prior art. Copies of references found in the search have been made of record.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

Respectfully submitted,
